

Fantastic.

From the friendly reception at the door right to the end, our experience was bar non the best on the island! The food was creative, bursting with flavor, and organic. The presentation was an art. Please try it out to experience a sensational feast!

Best Meal Ever!

The four of us felt the same. The food was exquisite and the presentation was lovely. The fact that the chef caters to special diets made the evening a very special treat. I've been twice and both times I had the best meals I've ever had. It is my new "favourite restaurant" where I plan to take all my friends and family. Fortunately for me, it is just down the road!

Everything that is important to me to enjoy a good meal, was taken care of. Friendly greeting, very good service, prompt but not rushed. Music low so conversation could be enjoyed.

Best on the Island

I've been lucky enough to eat at some amazing restaurants in Paris, Italy, Vancouver, New York, and of course Victoria, but Amuse is one of my favorites. I would recommend the food to anybody who likes great food and an intimate atmosphere.
